Minimal Impacts

Moderate Impacts

Severe Impacts

# **WEATHER KEY POINTS**

**04/02/22 - 04/08/22**

## **Saturday - Friday**

- Very warm temperatures will continue across the state through the weekend and the entire work week, with minor heat impacts possible
  - The warmest temperatures are expected Thursday and Friday, with record-setting high temperatures for early April possible, especially across the Central Valley
- A storm will bring showers to far northern California Sunday night through Monday night; otherwise, dry weather will continue for the state through the next week
- Gusty winds will develop across the state Sunday through Tuesday, strongest in the mountains of Inland and Southern Regions
  - Gusts of 45-60 mph are possible across portions of southern California, including the Santa Barbara South Coast, the Antelope Valley, and the I-5 Corridor
    - Elevated to briefly critical fire weather conditions are possible in these areas

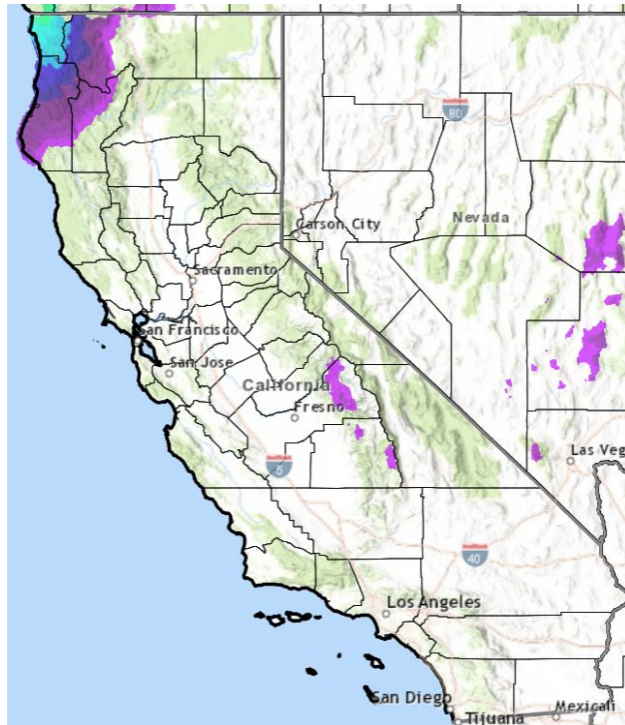

# PRECIPITATION FORECAST

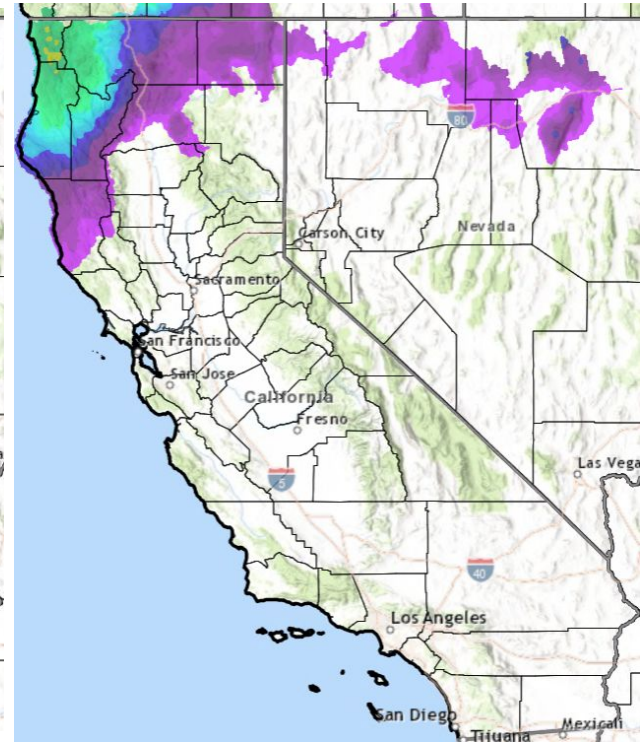

04/02/22 - 04/04/22

**Saturday**

**Sunday**

**Monday**

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

**Precipitation (inches)**

# **WEATHER OUTLOOK**

**04/07/22 - 04/15/22**

## **6-10 Day Outlook (April 7 - April 11)**

### **Temperatures**

- Above normal temperatures are strongly favored to continue, especially across southern California

### **Precipitation**

- Below normal precipitation is slightly favored for the majority of the state

## **8-14 Day Outlook (April 9 – April 15)**

### **Temperatures**

- Below normal temperatures are favored to develop statewide

### **Precipitation**

- Above normal precipitation is slightly favored across northern and central California, with near normal precipitation favored for southern California
